

## **Skinny Jasmine Intermission**

**Rejjie Snow**

So I see it's somebody's birthday  
My daughter just turned nineteen  
Man O man, they grow up soo quick  
Party people, we are now going to step back into the wonder wor  
ld of Annie  
(Yeah, get that shit people)  
Man I never told you, I was out in France and they were playing  
your music!  
How does that feel since you're a man from Dublin  
Ladies and gentlemen, Dublin city, Ireland

Yeah I'm Irish, that's cool  
But not from the waist down, hahah  
But yeah I heard they're playing my music in France  
And that sick  
I think that city is a true definition of love, for real  
Shit, all I do when I'm out there is eat Begets  
Leave my name on vacant bus stops  
Bad Habits and shit you know  
But ah yeah, she told me, Mon Amour  
I think that means my love  
See this next song is called, "Mon Amour"
