

Air for Free

Relient K

We can't do anything when there's nothing to do
Can't find the energy to put on my shoes
I will resign to stay on the couch
A novel idea, nothing to worry about

Air for free
If I sink to the darkest depths
Will you be there for me?
To hold my hand while I hold my breath
Cause I don't wanna go

I've got all this energy and save it for you
We can do anything so what should we do?
Hang a map on the wall, circle it all
It's our oyster, it's our oyster

Air for free
If I sink to the darkest depths
Will you be there for me?
To hold my hand while I hold my breath
Cause I don't wanna go

Life is there scaring me
Will you hold my hand while I hold my breath?
Cause I don't wanna go

Cause I don't wanna go

Cause I don't wanna go
