

# Hello McFly

Relient K

A roll of the dice  
A slip of the tongue  
I was stirring up the hornets' nest  
and finally got me stung  
Whoa Oh Whoa Oh  
Said I'd do the right thing  
But the wrong was done  
It's over, excuse my grammar  
But the fat lady sung  
whoa oh whoa oh

And I wish I was Michael J Fox  
I'd visit the past  
Then come back to the future (Hello McFly)  
When I cleaned up my act

Yeah I don't know  
What went through my head  
Was my conscience shot?  
Was it left for dead?

I said I'm sorry  
But no one heard  
'cause actions (actions) actions  
Actions speak louder than words

I think I made God angry  
and I'm sure that he's irate  
I just hope my remorse was not too little too late  
whoa oh whoa oh

Even my track record  
He gave me a clean slate  
I'm forgiven and I'm livin'  
With no sin on my plate  
whoa oh whoa oh

And I wish I was Michael J Fox  
I'd visit the past  
Then come back to the future (Hello McFly)  
When I cleaned up my act

Yeah I don't know  
What went through my head  
Was my conscience shot?  
Was it left for dead?

I said I'm sorry  
But no one heard  
'cause actions (actions) actions  
Actions speak louder than words
