

Mrs. Hippopotamuses'

Relient K

O-H! I-O!

There's nothing better than knowing where you come from
(Here we go Brownies, here we go, huh! huh!)

O-H! I-O!

Here we go Brownies, here we go, huh! huh!

I grew up in the sticks small town, Erie Canal
Tuscarawas Valley, class clowns, and dairy cows
Sometimes we know it's getting better than it is right now

We're living simple, there's a chance to let it all take place
And watch the light around you, shed some life upon your face
I wish it didn't take all this time to figure it out

O-H-I-O!

Now everybody's saying, "Let's hear it for the Cleveland Browns."
Before the Cuyahoga River burns the whole downtown
Sandusky summertime is 45 minutes away

O-H-I-O!

They do karate where I was setting up and checking the sounds
Someone was singing along with rivers so you say
Sandusky summertime is only 45 minutes away

O-H-I-O!

O-H! I-O!

There's nothing better than knowing where you come from
Here we go Brownies, here we go, huh! huh!

O-H! I-O!

There's nothing better than knowing where you come from
(Here we go Brownies, here we go, huh! huh!)

I'm watching generation two grow up and graduate
There's all this light around you, oh how you radiate
Oh, what you gonna do, oh no, what you gonna do

We're living simple, there's a chance to let it all take place
And watch the light around you, shed some life upon your face
I swear I feel it in me, I'm telling you it's true

O-H-I-O!

Now everybody's saying, "Let's hear it for the Cleveland Browns."
Before the Cuyahoga River burns the whole downtown
Sandusky summertime is 45 minutes away

O-H-I-O!

Mrs. Hippopotamuses' otter waterpark admission
We'll ride the roller coasters over every holiday
Sandusky summertime is 45 minutes away

O-H! I-O!

There's nothing better than knowing where you come from
Here we go Brownies, here we go, huh! huh!

O-H! I owe it to ya

There's nothing better than knowing where you come from.
