Must Have Done Something Right

Relient K

Fis

Fis Cis Gis

We should get jerseys 'cause we make a good team But yours would look better than mine, 'cause you're out of my league

is Ci

And I know that it's so cliché to tell you that everyday

I spend with you is the new best day of my life

Fis Cis

Everyone watching us just turns away with disgust

Cie

It's Jealously, they can see that we've got it going on

Fis

And I'm racking my brain for a new improved way

Cis Gis

To let you know your more to me than what I know how to say

Cis

You're ok with the way this is going to be

Gis

This is going to be the best thing we've ever seen

Cis Gis Cis Gis

R: If anyone can make me a better person you could

H Fis H Fis

All I got to say is I must have done something good

Cis Gis Cis Gis

I came along one day and you rearranged my life

H Fis H Fis Gis

All I got to say is I must have done something right I must have done something right

Maybe I'm just lucky 'cause it's hard to believe
Believe that somebody like you'd end up with someone like me
And I know that it's so cliché to talk about you this way
But I'll push all my inhibitions aside
It's so very obvious to everyone watching us
That we have got something real good going on

And I'm racking my brain for a new improved way
To let you know your more to me than what I know how to say
You're ok with the way this is going to be
'Cause this is going to be the best thing we've ever seen

If anyone can make me a better person you could All I got to say is I must have done something good I came along one day and you rearranged my life All I got to say is I must have done something right I must have done something right

(Oh's with bop's)
