Over It

Relient K

I'll admit to who I am
The day I come to understand
I haven't got a clue
Been searchin' for a few years now

If I don't repeat myself
Then I'll change into someone else
But I don't quite know who?
Been searchin' for a few years now

And I'm over it, yeah, behind me now
I'm just over it
Over it, yeah, I'm findin' out
I'm just over it

No, I don't know if it's over just yet
But I won't go slow
And time can let the mind forget

Don't tell me you don't know
Already

I'll protect your universe
And make a mess to make it worse
But time will only tell
You and no one else

And I'm over it, yeah, behind me now
I'm just over it
Over it, yeah, I'm findin' out
I'm just over it

No, I don't know if it's over just yet
But I won't go slow
And time can let the mind forget

Don't tell me you don't know
Already
Don't tell me you let go, oh

You say you made up your mind
And you finally decided that those that helped you choose
Haven't the slightest clue as to
The magnitude of what you're about to lose

I'm guarded and therefore I can endure
A little bit more, just a little bit more
Then some people would if not misunderstood

It's still an attempt to be equal
Is well self-assured
If I'm still unsure that I'm pretty sure
That I am pretty good, God, you know I'm good

And I'm over it, yeah, behind me now
I'm just over it
Over it, yeah, I'm findin' out

```
I'm just over it

No, I don't know if it's over just yet
But I won't go slow
And time can let the mind forget

Don't tell me you don't know
Already
Don't tell me you let go
Already

Don't tell me you don't know
Already
Don't tell me you let go
Already

Don't tell me you don't know
Don't tell me you don't know
Don't tell me you don't know
```

I'm just over it

No, I don't know if it's over just yet
But I won't go slow
And time can let the mind forget
