Hmm yeah
Aye aye aye

Aye aye aye aye
Aye aye

Well yeah, right
Hop into my car, c'mon lets ride
Rainbow in your eyes when you just smile
No, no, I never wanna see you cry
I know many many times I lied

Yah
Swerve up, pull up in a Lambo, aye
Drop top, straight up from Chicago aye
Light up all I see is rainbow aye
Big jump tell me where my chain go aye

Swerve up pull in my Lambo aye
Drop top straight up from Chicago aye
Light up all I see is rainbow aye
Big jump tell me where my chain go aye

Yeah
All night, all day, I be trapping man, I can't wait
People tell me I'ma savage
And I pull up, do it my way
Aye aye on a walk way
Shawty bad though and she on a rampage

Please don't go when we still very young
When we still very young, when we still very

Yeah, please don't go when we still very young
Still very young, when we still very young

Well yeah right
Hop into my car c'mon lets ride
Rainbow in your eyes when you just smile
No, no, I never wanna see you cry
I know many many times I lied

Yah
Swerve up, pull in a Lambo, aye
Drop top, straight up from Chicago aye
Light up, all I see is rainbow aye
Big jump, tell me where my chain go, aye

Swerve up pull in my Lambo aye
Drop top, straight up from Chicago aye
Light up, all I see is rainbow aye
Big jump tell me where my chain go aye

Where my chain go?
Tell where my lady go, aye
Where my babe go?
Tell me where my lady go, aye
