Be there when I pull up, pull up, pull up
Know I'm there soon
Be there when I pull up
Leave it in
Oh, she wanna leave it in
She let me lick it up
You know what'll happen when I'm gonna beat it up
So baby would you
Just give one reason
I'm a hold your waist and watch you wine
We all know that you need him
Tell me your love don't waste my time
I want to get lost with you
I want to reach ecstasy
I want to have sex
I want to have sex
And I want you to watch my step
I need you and nobody else
Ask God if you got my help
Mykonos you can meet me out here
She wanna fuck like ya ya ya

Ask God if you got my help
