How many dues wey the boy don pay?
How many insult I go take?
Address your shit like I'm Jahgo
I've been like this straight from the get go
I no dey take eye see loose bread
If you miss your show you know say me I go take am
Up my money 'cause your promoter desperate
Make una no vex na my money be my mandate

Ọmọ many my country people eye red o
My eye red for the green that's yellow
Some call me hybrid, some call me hollow
Keep who I really be on a low low
Day and night all my guys dey hustle
Every penny dey touch my circle
I dey pest my opps, make them restless on schedule

Dem say I be trouble maker
I go disturb everybody
Leave me, leave me, leave me, make I do my own ọmọ no judge me
Make you sef reason
E be better say they no call me nobody
I go still pass everybody even though say una use extra sheet

Ọmọ were me I no dey talk but try me first
Better save your money, this game no be by best dressed
Bought my first land since I was 17
You know steady grinding
Nothing wey you go show me wey go really surprise me
