Remble

I didn't want to blitz that man but I had to floor him
He looked confused when I said it so I had to show him
If it was ever 4th and goal, I was going for it
I put my O line in the most cause they're more important
You should meet my running back, his name is Melvin Gordon
If I'm gon' quarterback the patch, I'm Hail Mary throwin'
My linebacker made Drew Brees look like Gary Owen
Ask Madden, AKA Remble's favorite homie

You always lookin' for a play, ask Madden
You wanna find out where I stay, ask Madden
Any questions about a safe, ask Madden
Before you go take off them plates, ask Madden
Before you ever hit the field, ask Madden
I'm here to let you know it's real, ask Madden
These niggas really out here livin' ass backwards
I seen your homie just got flipped, now that's tragic

(Tell 'em who it is)

It's Remble, nigga, the real kind
It's not rocket science guy and I ain't Bill Nye
My wide recievers, Randy Moss's and Dez Bryant's
They can't catch footballs but they can catch bodies (Yeah)
I'm Michael Vick mixed with some Lamar Jackson
Run them back up the middle, I bet you won't sack me (I bet you won't catch 'em)
If you ever need a play, then you should ask Madden
Told bro to strap his cleats, we don't do no lackin'
Run up on your opposition, then just toe tag 'em
The chrome .45 Smith will knock his dome off him
Direct orders on them mission from the Godfather
If they keep running that blitz, we'll have to slapbox him
GLOCK 19 heads with the stock on 'em
16 shots is enough, we don't need the dick on
I just bought an AR pistol with the shits for it
Touchdown celebrations, I hit my whip on 'em

You always lookin' for a play, ask Madden
