

# Alone In Miami

Remi Wolf

Soak up the sound of crypto bros  
Eating cubanos by myself  
Brand new to town, dipping my toes  
The water's warm  
The walls are closing in on me in this art deco museum  
Daughters in thongs are roaming freely popstars in my DMs

Alone in Miami with you there  
Alone in Miami with you there

Met up with maine  
Bought cocaine  
Clothes in the lobby waiting for me  
And I'm on the list with that girl I kissed  
We're on the rocks but now we're ok playing DJ in the escalade  
Yeah we're ok eating sushi long as Playboy pays

Alone in Miami with you there  
Alone in Miami with you there  
If you don't understand me then who can?  
Alone in Miami  
Alone, alone

On the highway going real fast with my new friends it's 4AM  
Hoola hooper on the dash, I'll roll the dice  
In the white tent, outside listening to German techno  
Laser beams are hitting my eyes at every angle

Alone in Miami with you there  
Alone in Miami with you there  
If you don't understand me then who can?  
Alone in Miami  
Alone alone alone alone  
Alone alone alone
