

Buzz Me In

Remi Wolf

My tears taste like you
Taste just like salt and wine
Like wasted time
We can dance around it and lie, lie, lie
Tell me pigs can fly
Say you'll always be mine
Say you ain't like those other guys

I'm at the gate, will you buzz me in?
Buzz me right
I keep on going to your place
I keep on coming for you, babe
I'm coming for ya
I'm at the gate, will you buzz me in?
Buzz me right
We never had a lot to say
But somehow we communicate and
I'm coming for ya
So baby, will ya?

Baby, take me, I don't wanna have control
'Cause lately, baby I don't know me anymore
(I don't feel it anymore)
Baby, take me, I don't wanna have control
'Cause I don't know me anymore
'Cause, baby

I'm at the gate, will you buzz me in?
Buzz me right
I keep on going to your place
I keep on coming for you, babe
I'm coming for ya
I'm at the gate, will you buzz me in?
Buzz me right
We never had a lot to say
But somehow we communicate and
I'm coming for ya
So baby, will ya?

So buzz me right, right, right
So buzz me right, right, right

I'm at the gate, will you buzz me in?
Buzz me right
I keep on going to your place
I keep on coming for you, babe
I'm coming for ya
I'm at the gate, will you buzz me in?
Buzz me right
We never had a lot to say
But somehow we communicate and
I'm coming for ya
So baby, will ya?
