Quiet On Set

Remi Wolf

Shh! Quiet on set, run it
I've been takin' my bets, frontin'
I've been payin' my debts, love it
I've been stealing Corvettes, stuntin'
Ooh! Quiet on set, run it
I've been fucked in the head, frontin'
I ain't leavin' my bed, love it
The work be killin' me dead, stuntin'

Killin' me, killin' me, killin' me
I just want to protect my energy
Ain't got no time for the frenemies
Eating my ass like the human centipede
Hold your horses, back it up
What's better than two girls, two cups
What's better than a two buck good nut
What's better than fries and a chicken lunch
Hey guys, should I Postmates Chuck-E-Cheese?
Wait, ain't no Chuck-E-Cheese in Los Feliz
Wait, there ain't no steeze if there ain't grease
Unless you order that Sugarfish sushi

Quiet on set, run it
I've been takin' my bets, frontin'
I've been payin' my debts, love it
I've been stealing Corvettes, stuntin'
Quiet on set, run it
I've been fucked in the head, frontin'
I ain't leavin' my bed, love it
The work be killin' me dead, bang bang

Killin' me, killin' me, killin' me
Whoa
Killin' me, killin' me, killin' me
Whoa

I don't got things to say
I'm so bored I'mma pass away
Going off the deep end like Foushee
I'm cracked the surface creme brûlée
Don't fly, me oh my
Orgy at Five Guys with five guys
That's ten guys and holy christ
I've never seen more nuts in my life

I don't wanna be a Debbie Debbie Debbie Debbie
Debbie Debbie Debbie Debbie Debbie Downer
Debbie Debbie Debbie Debbie
Debbie Debbie Debbie Debbie Debbie Downer

Quiet on set, run it
I've been takin' my bets, frontin'
I've been payin' my debts, love it
I've been stealing Corvettes, stuntin'
Ooh! Quiet on set, run it
I've been fucked in the head, frontin'
I ain't leavin' my bed, love it

The work be killin' me dead, bang bang

I'm a little baby
And I went to the store with my mommy
And then I couldn't find anyone
I asked this old lady what she would do and if she could help me find my mom my
And then she took me out to the car
I got in the car and then we went - she had a bunch of candy
Then we went out to the other place in town
Then I fell down and I, and I got this skid on my face 'cause I fell down
But then she took me back to the store and I found my mom
But everyone was really mad at me
But I, I wasn't my... I didn't do anything wrong!
