

# Shawty

Remi Wolf

Shawty know she phony  
Shawty feeling lonely  
Shawty picking on me  
While I'm picking up her laundry  
Shawty wanna kiss me  
Like she kissing on her daddy  
Shawty wanna fuck me  
But only when she likes me

What do I do when my baby gets sober?  
Take her miles away  
I'll let you down right before he you can haunt you  
Take you miles away like  
Where did you go?  
I wish I could find another way to tell you that you're not alone  
I wish I could find another way to tell you...  
I'm standing on the porcelain  
I'm eating at a Bennigan's  
I'm trynna find a way back in  
Like where did you go... where did you go?

Shawty know she phony  
Shawty feeling lonely  
Shawty picking on me  
While I'm picking up her laundry  
Shawty wanna kiss me  
Like she kissing on her daddy  
Shawty wanna fuck me  
But only when she likes me

I'm like okay, okay, okay, okay  
I want that poké poké  
Lowkey lowkey lowkey lowkey  
I wanna rim-bim-bow on the sidewalk  
To go to fricky-frick town when the lights off  
I got plenty thangs  
Playing plenty of games  
Good at picking your brain  
While you getting paid and I'm making bank  
And your money stinks  
We're gonna love it away  
We're gonna love it away

Where did you go?  
I wish I could find another way to tell you that you're not alone  
I wish I could find another way to tell you...  
I'm standing on the porcelain  
I'm eating at a Bennigan's  
I'm trynna find a way back in  
Like where did you go... where did you go?

Shawty know she phony  
Shawty feeling lonely  
Shawty picking on me  
While I'm picking up her laundry  
Shawty wanna kiss me  
Like she kissing on her daddy

Shawty wanna fuck me  
But only when she likes me

Shawty know she phony  
Shawty feeling lonely  
Shawty picking on me  
While I'm picking up her laundry  
Shawty wanna kiss me  
Like she kissing on her daddy  
Shawty wanna fuck me  
But only when she likes me
