Woo!

Love... where does it go?  
And do you wake up without any control?

Woo!  
Love... it's not the answer it's a mindset  
The question is not about who, it's how you find it

Woo!

Your mother kept me hatin'  
Cause she told me that you're crazy  
And I knew I couldn't hear it  
When you talked about your feelings  
Goin' telling all your secrets  
Oh babe I won't believe it  
You got nothing but a feeling  
You got nothing but a feeling for your love

You're so hot, got lost, got weak in the knees  
Got botched like a fucked up lip surgery  
And the dentist always tellin' me to floss my teeth  
And I'm running out of Oxycontin  
And I'm running out of good options  
And I don't know what I really wanted  
And fuck I think I lost my wallet  
Fuck I think I lost my wallet  
Fuck I think I'm getting hotter

Woah... where does it go?  
And do you have the answer to my question?  
Baby I don't know  
Woo!

That your mother kept me hatin'  
Cause she told me that you're crazy  
And I knew I couldn't hear it  
When you talked about your feelings  
Goin' telling all your secrets  
Oh babe I won't believe it  
You got nothing but a feeling  
You've got nothing but a feeling for your love

We'll settle it  
We settle it now  
We settle it while you're still in town  
Let's settle this, let's settle it now  
While you are still in town

I don't even know where to start  
With you I know what's going on  
Oh babe you take me higher and higher  
Woo!  
I don't even know where to stop  
With you don't know what's going on  
Oh babe you take me higher and higher  
And higher and higher and higher  
We're getting fired  
Tonight oh baby... quit your job so we can go skate on ice

We're getting higher and higher and higher and higher and higher baby  
Woo!
