

Bad Cocktail

REMMI

I got a bad cocktail
Of unfortunate circumstances
I got a bad cocktail
That's just the way that shit happened

It happened
Like that
So fast
One day you're running
And then you wake up in the back
Of a black Cadillac
And nothing
Feels good anymore
And nothing
Seems to hit

I'm blurry turning into a ghost
The people I knew don't hear from me anymore
I'm slowly disappearing into the atmosphere
I can see it all from here
But I'm turning

I'm blurry
Into a ghost ohh
I'm blurry
Watch me float
I'm blurry
Into a ghost ghost
I'm blurry
Into a ghost
Into a ghost

I'm just a victim
Of unfortunate circumstances
I think I had a good run
But there's gotta be a better planet
Than this one
For sure for sure
A one way ticket for you

I'm blurry turning into a ghost
The people I knew don't hear from me anymore
I'm happier up here way up in the atmosphere
All my problems disappear
Yeah I'm turning into a ghost

Into a ghost ohh
Into a ghost
Watch me float
Watch me
Into a ghost ghost
Into a ghost
Into a ghost
Into a ghost
