

Bobby K

REMMI

We were all out on the plaza, the day that he died
We were hot and exhausted and our lungs worn out
Fighting for our rights
The powers that be were breathing down our backs
And we cried out
And he heard us
Yeah he heard us

68 we rush the gate
We welcome you to the New America
68 we rush the gate
We welcome you to the New America
Welcome you to the New America
To the New America
To the New America
To the New America

Bobby Kennedy never dies he lives in our hearts
He lives in our hearts
Bobby Kennedy never dies he lives in our hearts
He lives in our hearts
You can watch the world
Circle round the drain
You can't keep us from fighting in his name

Bobby Kennedy never dies he lives in our hearts
He lives in our hearts

With a 22 caliber shot gunned down, hanging at his side
Took away our man in Washington
But he can't take our pride
Cross our hearts and pray to the lord his soul to keep
And we keep marching, keep marching
Keep marching

68 we rush the gate
We welcome you to the New America
68 we rush the gate
We welcome you to the New America
Bobby Kennedy never dies he lives in our hearts
He lives in our hearts
Bobby Kennedy never dies he lives in our hearts
He lives in our hearts
To the New America
To the New America

Bobby Kennedy never dies he lives in our hearts
He lives in our hearts
Bobby Kennedy never dies he lives in our hearts
He lives in our hearts
You can watch the world
Circle round the drain
You can't keep us from fighting in his name
Bobby Kennedy never dies he lives in our hearts
He lives in our hearts

He lives in our hearts

He lives in our hearts
