

Flychick

REMMI

I'm a flychick
I'm a, I'm a flychick
On the fly I make up all my lines
I'm a flychick
I'm a, I'm a flychick
Bullseye I can hit it every time

I need an aspirin this BDE is killing me
And if it lasts for more than six hours
I'm gonna have a problem
This might be a problem
Do you have a problem

I'm a flychick
I'm a, I'm a flychick
On the fly I make up all my lines
I'm a flychick
I'm a, I'm a flychick
Bullseye I can hit it every time

I am not famous
But I catch people craning
From all four directions all the time
I have had no surgery
Don't you cut those eyes at me
I am natural and you are nosy

I'm a flychick
I'm a, I'm a flychick
On the fly I make up all my lines
I'm a flychick
I'm a, I'm a flychick
Bullseye I can hit it every time
