REMMI

I don't ever wanna come down  
I don't wanna come down  
I don't wanna come down  
No no

I don't ever wanna come down  
I don't wanna come down  
I don't wanna come down  
No no  
I don't ever wanna come down  
I don't wanna come down  
I don't wanna come down  
No no

I don't ever wanna come down  
I don't wanna come down  
I don't wanna come down  
No no  
I don't ever wanna come down  
I don't wanna come down

Kick me in the teeth, wake me up  
Do your best damage, fuck me up  
No no  
Hit the switch, light me up  
And please roll the next one  
Better than the last one

Sometimes I get tired  
And my fire burns out  
Come on, baby help me!

Help me  
Help me  
Help me  
Help me

I don't ever wanna come down  
I don't wanna come down  
I don't wanna come down  
No no...
