

# Star Spangled

REMMI

I wanna be happy, I wanna free my mind  
I'm so tired of owing money  
To people all the damn time  
And I don't know if I can see that  
Star spangled banner wave  
The night has fallen, the dust stays thick  
As it sits on these iron chains, yeah

We built ourselves this tower  
Watch it come crumbling down  
We built ourselves this tower  
Watch it come crumbling down  
We built you up this tower  
Why you settle it to the ground  
We built you up this tower  
And now we're gonna tear it down

I wanna be happy, I just wanna free my mind  
I'm so tired of owing money  
To people all the damn time  
I just wanna take these chains off  
And see this star spangled banner fly  
Wanna be, wanna be, wanna be, wanna be
