

## Away

Remo Drive

I watched myself from afar  
I hate this feeling of remorse  
Shame on you, shame on you  
Shame on me too for trusting you

I'm hanging from a single thread  
One end a tree one end my neck  
Shame on you, shame on you  
Shame on me too for trusting you

I made this myself  
I'll kill this myself

I watched myself from afar  
I hate this feeling of remorse  
Shame on you, shame on you  
Shame on me too for trusting you

I'm hanging from a single thread  
One end a tree one end my neck  
Shame on you, shame on you  
Shame on me too for trusting you

I made this myself  
I'll kill this myself
