

Summertime

Remo Drive

When you're all alone
Face in your pillow
Springs in the mattress
Dig into your chest

Don't kid yourself
Don't kid yourself, oh oh

When you lock your doors
Board up your windows
Draw up your curtains
It's bound to get dark

Don't kid yourself
Don't kid yourself, oh oh

Living's easy
Summer time
Living's easy
Everything's fine for now
How long can it last

When you feel low
Staining the window
Motion strewn sheets
Across the floor

Don't kid yourself
Don't kid yourself, oh oh

When you come home
You'll be alone
Pleasure is fickle
Beats away through your breast

Don't kid yourself
Don't kid yourself, oh oh

Living's easy
Summer time
Living's easy
Everything's fine for now
How long can it last
