**Jane Remover**

Before you threw some punches, you told me "Get your rings"  
I still did what you told me despite of everything  
Maybe I just should've pushed it a little bit more  
Maybe I don't really miss being sixteen

Is it too much to say I want it back?  
Is it too much to say I want it back?  
Is it too much to say I want it back?  
Is it too much to say I want it back?

And I see right through you (I need to be first place all the time)  
And I see right through you (And you wanted the trophy, but it's mine)  
And I see right through you (You can't see through my lies)  
And I see right through you

This fella right here's gonna give me the tour, do you think I  
hooked up with a good guy?  
Yeah, I think you have

Well, he's been here a long time  
Now, is this- he kept trying to figure out where the middle of  
town, is, is this a pretty good shot of town right here? What is  
town?  
Well, this is not town. You'd have to basically take a view of  
the whole thing from up there, up above, to get the real thing

Is it too much to say I want it back?  
Is it too much to say I want it back?  
Is it too much to say I want it back?  
Is it too much to say I want it back?

I don't think that I recognize anymore  
Do you know what sounds fair?  
I'm surrounded by my hair on the bathroom floor  
I know, I directed this movie
