

# Dreamflasher

Jane Remover

Jane, Jane, Jane, Jane  
This song is fucking- (futuro pianista)  
These guys don't stand a chance

Please, God, save me, I'm so turnt right now (Allez, allez)  
I disappeared like it's my last night out  
I don't know if he loves me, but he loves me right now  
I'ma lift his shirt off when the lights go down

A thousand people scream my fucking name (Complete destruction by shadow force)  
It don't mean shit if I don't hear you say it (J-J-J-J-)  
Screaming bloody, "J, J, J," I know what you talkin' 'bout  
Hear you- uh

Two things I know how to do is get that music and the people loud  
(Complete destruction by shadow force)  
I was gone for weeks, spending 20K, you can let your secrets out  
(Put your-, put your- can you-?)  
Cards on the table, I ain't got shit left to hide except my whereabouts, uh  
Baby, tell me what's the point of preaching to the choir if I can't see you  
in the crowd? (Can't see you in the crowd)

Please, God, save me, I'm so turnt right now  
I disappeared like it's my last night out  
I don't know if he loves me, but he loves me right now  
I'ma lift his shirt off when the lights go-

Please, God, save me, I'm so turnt right now  
I don't know if he loves me, but he me you right now  
Take my shit for granted 'cause it's just my life now  
Put your cigs up, put that fuckin' mic down  
I got your hopes up, now you scared to let me down  
Bitches dick suck, then they go and bite my sound  
I think it's real love 'til he leaves it at my house  
And if I'm lip-locked by tomorrow, shut me down (Down, down down)

A thousand people scream my fucking name  
It don't mean shit if I don't hear you say it  
A thousand people scream my fucking name  
It don't mean shit if I don't hear you say it (Right now, right now)

Right-right now, right now, right now  
Right now, right now, right now, right now  
Right now, right now, right now, right now  
Right now, right now, right now, right-

Please, God, save me, I'm so turnt right now  
I disappear like it's my last night out  
I don't know if he loves me, but he loves you right now  
I might lift his shirt up when the lights go down

A thousand people scream my fucking name  
It don't mean shit if I don't hear you say it (J- J- J-)  
Screaming bloody, "J, J, J, J"  
Can you put your mouth on it?  
Put your- put your mouth on it?

Put your- put your mouth on it?  
Put your mouth on it?  
Put your- put your mouth on it?  
Put your mouth on it?  
Put your- put your mouth on it?  
Put your mouth on it?  
Put your- put your- put your- put your- (Right now)

A thousand people scream my fucking name (Put your)  
A thousand people scream my fucking name  
A thousand people scream my fucking name
