

should i get my ears pierced?

Rémy

(Yeah, yeah)
What are you doing?
Always said you were quitting didn't think you'd go thru with it
Trying to convince everybody you can make it doing music
Working so hard trying to be a star till you drop useless
Did it all for a blue check

And I would dye my hair
But my girl would kill me
I feel like I'm 19
So I'll settle for an earring

And I would dye my hair
But my girl would kill me
I feel like I'm 19
So I'll settle for an earring

I'd say life's not fair
But I've kinda got a feeling
That it wouldn't even matter
If I, got an earring

Bad Ig and a lot worse credit
High school albums but I'm tryna forget it
Tell chase I'm a need a loan (yeah)
At this rate I'll be moving home and (yeah)
All 100 of my followers they would be sad about it
But I didn't post for anybody to die without it

And I would dye my hair
But my girl would kill me
I feel like I'm 19
So I'll settle for an earring

I'd say life's not fair
But I've kinda got a feeling
That it wouldn't even matter
If I, got an earring
