

## sunset

Rémy

(I think I'm gonna make a TikTok)

Let's burn the place down and then make a getaway  
Let's blow the top off like we're throwing hand grenades  
Let's do tonight and just forget about yesterday  
I lit the gas and then I take your breath

Away  
Away  
Away  
Away

I wanna ride into the sunset  
You know I'm not done having fun yet, yeah  
You know you had me from the jump, yeah  
Wanna ride into the sunset, sunset, sunset

Let's switch the fit like it's a brand new coat of paint  
If you go home, you only got yourself to blame  
Just look around, we're living in the good old days  
I lit the gas and then I take your breath

Away  
Away  
Away  
Away

I wanna ride into the sunset  
You know I'm not done having fun yet, yeah  
You know you had me from the jump, yeah  
Wanna ride into the sunset, sunset, sunset
