

# Down On The Beat

RÉN

When I put it down on the beat  
I'ma make it sound so sweet  
When you hear the sound of the gun  
That's a cue to run  
When I put it down on the beat

When you hear the sound of the gun  
That's a cue to run, blat

When I put it down on the beat  
I'ma make it sound so sweet  
Likkle men love to speak  
I don't lose sleep in the whispers of sheep  
When you hear the sound of the gun  
Rat a tat tat tat tat tat  
That's my tongue  
Spit like thunder come  
Drums in Moria  
Boom boom rum tum tum  
I'm a king, who's the king?

I'm the king of the ring, I'ma run this thing  
I'm a don yan ying on a yin yang thing  
Jump upon that swing of the drum vim vim vim  
Voom voom blat come through like that  
I'm not new to rap, on a Zulu cap  
And I do do tracks and I do make stacks  
What do you do lad? Are you true to that?

When I put it down on the beat  
I'ma keep the ground on my feet  
I don't wear no crown on the street  
But you still know me, still the same old V  
Still the same old house on the same old street  
With the brand new flow on the same old beat
