

Freckled Angels

RÉN

Could I have just a day
Where I'd get to see your face
I would laugh and you would skate
Hanging out by the pier cave
Chasing dreams, freckled face
No inhibitions, aces mates
Tell me everything's okay
You never meant to go away

And I need something to hold on to
And I wish I could hold on to you
'Cause I will never ever forget you
And bet, I know you'll be soaring through
Because...

Freckled angels laugh the hardest
And their hearts, they are the largest
With their wings, they fly the farthest
So I know you're gonna be okay

Freckled angels live the longest
And their minds, they are the strongest
All their friends, they are the fondest
So I know you're gonna be okay

Could I have just a sec?
Please pull me out of this wreck
Crack a joke and tense your pecks
Act the fool, but with excellence
And everytime I laugh it reminds me of you
The funniest guy I ever knew
I've got so much left to say
Hope I can tell you all some day

And I need something to hold on to
And I wish I could hold on to you
'Cause I will never ever forget you
And bet, I know you'll be soaring through
Because...

Freckled angels laugh the hardest
And their hearts, they are the largest
With their wings, they fly the farthest
So I know you're gonna be okay

Freckled angels live the longest
And their minds, they are the strongest
All their friends, they are the fondest
So I know you're gonna be okay

I hope you can hear me singing to you
'Cause if so
I'll sing until my voice shatters, and my lungs they explode
I'll sing over a crowded room so they all know
How much I really miss you...
Miss you Joe

Freckled angels laugh the hardest
And their hearts, they are the largest
With their wings, they fly the farthest
So I know you're gonna be okay

Freckled angels live the longest
And their minds, they are the strongest
All their friends, they are the fondest
So I know you're gonna be okay
