

AWOOO!

Rence

I love when you howl
At the moon
I wanna lay here
Watching you
Til I'm howling too
Like awoooo!
(Like awoooo!)

How long has it been
Since you've been in my bed
I barely noticed
Cause you live in my head
We started something
So let's see how this ends
Yeah

And I know we're only
Humans who've been
Wandering in different
Places, chasing
But whenever we get
Together, I never
Want to be anywhere else

I love when you howl
At the moon
I wanna lay here
Watching you
Til I'm howling too
Like awoooo!
(Like awoooo!)
We're planting flowers
Right in your room
I wanna stay here
Next to you
Until we bloom
Like awoooo!
(Like awoooo!)

I'm overexposed
Just like the photos
We took last night
Imma keep em in my phone if it's cool w you
Look deep in my eyes (yeah)
Tell me that you see this too
I think we should see this through

And I know we're only
Humans who've been
Wandering in different
Places, chasing
But whenever we get
Together, I never
Want to be anywhere else

I love when you howl
At the moon

I wanna lay here
Watching you
Til I'm howling too
Like awoooo!
(Like awoooo!)

We're planting flowers
Right in your room
I wanna stay here
Next to you
Until we bloom
Like awoooo!
(Like awoooo!)

We're floating deep in the fog
Thought you were close but you're not
Counting the things that went wrong
Our flowers stuck in the frost
Do we make it to the fall?
Do we go nowhere at all?
I'll be here waiting for you

I love when you howl
At the moon
I wanna lay here
Watching you
Til I'm howling too
Like awoooo!
(Like awoooo!)

We're planting flowers
Right in your room
I wanna stay here
Next to you
Until we bloom
Like awoooo!
(Like awoooo!)
