

Baby Blue

Rence

Oh, I'm holding onto my daydreams
Smoking on some OG
Well I'm home-grown and I'm leaning onto my love
My love

Oh, she acting like she don't know me
Baby girl I'm that OG
'Cause I'm home-grown and I'm leaning onto my love
My love

Saw you in September
Something I should do
Knew you in November
Still I ain't pursuit on you (you)
On you (you)

Daydreams I remember
Nights I never do
Number one contender
Stealing all my thoughts is you (you)
Is you (you)

Oh, well I'm holding onto my daydreams
Smoking on some OG
Well I'm homegrown and I'm leaning onto my love
My love

Oh, she acting like she don't know me
Baby girl I'm that OG
'Cause I'm homegrown and leaning onto my love
My love

Oh, well I'm holding onto my daydreams
Smoking on some OG
Well I'm homegrown and I'm leaning onto my love
My love

Oh, she acting like she don't know me
Baby girl and that OG
'Cause I'm homegrown and leaning onto my love
My love
