

Shit don't feel like it used to  
I'm pretty sure  
I'm not in love with the new you  
That's what they say  
I'm fallin' fast and slippin' off the cliff  
Take my hand, I'm tryna catch a grip  
'Cause shit don't feel like it used to

I get older  
Nights, they're getting colder  
Midnight rollercoaster  
The fight's not nearly over  
'Til it's over

I know how it feels when days get darker  
When you wish the sun would stay up longer  
And I miss the times when I felt alive  
Oh, nevermind

'Cause shit don't feel like it used to  
I'm pretty sure  
I'm not in love with the new you  
That's what they say  
I'm fallin' fast and slippin' off the cliff  
Take my hand, I'm tryna catch a grip  
'Cause shit don't feel like it used to

I get older  
Whole world on my shoulders  
Apathetic soldier  
Just tryin' to keep composure  
Not getting closer

I know how it feels when days get darker  
When you wish the sun would stay up longer  
And I miss the times when I felt alive  
Oh, nevermind

'Cause shit don't feel like it used to  
I'm pretty sure  
I'm not in love with the new you  
That's what they say  
I'm fallin' fast and slippin' off the cliff  
Take my hand, I'm tryna catch a grip  
'Cause shit don't feel like it used to
