

Go!

Rence

Life's a rollercoaster
Up and down un-
'Til its over
Went from nice to
Nice to know ya
Full disclosure
No its not
Do you know the difference
Between a guess and
Intuition
If it's gone in
Half an instant
Then it isn't
What you thought

Bad dreams
Beautiful hallucinations
At least
I got an imagination
I don't wanna talk
I just wanna keep running
So I'ma
Go, go, go, go

The storm ain't getting calmer
So keep your head ya gotta
Look alive
Look alive
Dive in the dirty water
Open your eyes you gotta
Look alive
Look alive
We're only getting older
Let's go out like supernovas
In the sky
In the sky
Ain't over 'til it's over
So keep your head ya gotta
Look alive, look alive

Had a conversation
With the big man
He was saying
Nothing matters
Not complaining
Maybe I just took too much
As it happens
I severely
Lost the will to
See things clearly
Needed revive
Needed Miri
Now I don't need
Nothing else

Bad dreams
Beautiful hallucinations

At least
I got an imagination
I don't wanna talk
I just wanna keep running
So I'ma
Go, go, go, go

The storm ain't getting calmer
So keep your head ya gotta
Look alive
Look alive
Dive in the dirty water
Open your eyes you gotta
Look alive
Look alive
We're only getting older
Lets go out like supernovas
In the sky
In the sky
Ain't over 'til it's over
So keep your head ya gotta
Look alive look alive
The storm ain't getting calmer
So keep your head ya gotta
Look alive
Look alive
Dive in the dirty water
Open your eyes you gotta
Look alive
Look alive
