

# I Know

Rence

I smell the roses  
Pain in the mornin'  
I saw that you left me  
Soon to forget me, yeah, I know  
I'm at my lowest  
Downward and lonely  
I saw you left me  
Soon to forget me, yeah, I know  
I smell the ro-

Test my strength in the morning  
Just like getting up out of bed  
Ooh, I'd rather just lay here  
On the lies that I tell instead  
You don't call, but you need me  
There's that lie that I tell myself  
When I think that I miss you  
Ooh, it hurts when I'm by myself

Maybe I'd be better alone  
Instead of together  
With someone who makes it feel like  
The rain is gon' last forever  
'Cause, baby, I ain't waterproof  
Wearin' down at the thought of you  
Tell me what the fuck am I to do

I smell the roses  
Pain in the mornin'  
I saw that you left me  
Soon to forget me, yeah, I know  
I'm at my lowest  
Downward and lonely  
I saw you left me  
Soon to forget me, yeah, I know  
I smell the ro-

Losin' my lady  
Girl, you be drivin' me crazy  
I been thinkin' 'bout you lately  
'Member you used to hate me?

Maybe I'd be better alone  
Instead of together  
With someone who makes it feel like  
The rain is gon' last forever  
'Cause, baby, I ain't waterproof  
Wearin' down at the thought of you  
Tell me what the fuck am I to do

I smell the roses  
Pain in the mornin'  
I saw that you left me  
Soon to forget me, yeah, I know  
I'm at my lowest  
Downward and lonely  
I saw you left me

Soon to forget me, yeah, I know  
I smell the roses

Ooh  
Ooh  
I smell the roses
