

Rock With Me

Rence

I've been off way too long
For me to hit you up and I know it
And you've been off doing your thing
Breaking my heart I don't show it
I've been just doing my thing, oh I know it
And I've been too MIA
Hey, at least I know it
All I do is play around
Something like it's practice mode
How can we go forward
This always back and forth
I swear if just let it happen more
This will go and turn to something beautiful

Rock with me, promise you'll be alright
Alright, alright?
Come on baby just
Rock with me, promise you'll be alright
Alright, alright?

Sick of my mind so I turn off my iPhone
Well, I'm sick of my mind
That exists on my iPhone
I just wanna be in the places that I go
I just know what I know
(I just know what I know)
Sometimes I find myself in places
Mixed up forgetting these familiar faces
Try to keep my balance and count my paces
God don't let me waste this
Oh, 'cause without it
And without people I love, love, love
I couldn't love, love, love you
Like I love, love, love you

Rock with me, promise you'll be alright
(You'll be alright)
Alright, alright?
(You'll be alright, come on baby just)
Rock with me, promise you'll be alright
(Rock with me, rock with me)
Alright, alright?

Easy to get lost in possibilities
What-ifs and how comes killing my agility
Like what if my whole life has been a simile
Tell me what I really need
(Tell me what I really need)
I need people who need me just to show it already
The candle's on the cake I need to blow it already
I just need love man I told you already
(I just need) shh
They know it already
Yet I know I'm gonna be
The one who leads you hopefully
And I swear I'll give you all of me
And all you gotta do is, come on just

Rock with me
(I need to hear you rock, rock, rock)
Promise you'll be alright
(You'll be alright)
Alright, alright
(You'll be alright, come on baby just)

Rock with me
(Rock with me, rock with me)
Promise you'll be alright
(Yes I know, yes I know, yes I know)
Alright, alright
(Yes I know, yes I know, yes I know)

Rock with me, ohhh
Promise you'll be alright
(Promise you'll be alright, promise you'll be alright)
Alright, alright
Come on baby just

Rock with me
(Rock with me)
Rock, promise you'll be alright
(Yes I know, yes I know, yes I know)
Alright, alright
(Yes I know, yes I know, yes I know)

Baby just
(Yes I know, yes I know, yes I know)
(Yes I know, yes I know, yes I know)
Come on baby just
Rock with me
(Rock with me)
Promise you'll be alright
Alright?
