

Tears In December

Rence

Did what I had to do
Moved out to Malibu
Just last year
Just last year

I'm going nowhere fast
A decade came and passed
Just last year
Just last year

Oh-ah-oh, sick of the sound
Of my heart hitting the ground

If I knew better
I would have never
Left you the way I did (I did, I did)
Tears in December
When I remember
Leaving you like I did

Woah-oh-ah-oh, sick of the sound
Of my heart hitting the ground

Tried putting blame on you
Cause they say it takes two
To fall in love or to fuck it up
Either way it hurts the both of us

It's so hard to stay when you're good at leaving
But we can never heal if we keep on bleeding
So we fall in love and we fuck it up
And either way it hurts the both of us

Oh-ah-oh, sick of the sound
Of my heart hitting the ground

If I knew better
I would have never
Left you the way I did (I did, I did)
Tears in December
When I remember
Leaving you like I did

Oh-ah-oh, sick of the sound
Of my heart hitting the ground

Oh-ah-oh, sick of the sound
Of my heart hitting the ground
