

# The Answer

Rence

Sacrifice  
Time and efforts put into this  
Restless life  
And you just wanna take a  
Break in Paradise  
But now you slowly  
Stop and start  
To realise  
It's all a lie

We're living in a mad world  
And I know that times are tough  
But stop looking at the ground girl  
And start looking up above

Cause I know that it's a sad world  
And you feel like giving up  
But stop looking at the ground boy  
Start looking up above

Only thing you need to do is be a dancer  
And get lost when your in it  
Just move with the rhythm  
Don't stop when your doing your thing

Stop looking for the answer  
Only thing you need to do is be a dancer

Just move with the rhythm  
Don't stop when your doing your thing

Don't think twice  
Baby just get down with the rhythm all night  
Tell me what you need, I can do it how you like  
I'm thinking that we're gonna get along just right  
So I said it like uh

You thought wrong  
Forget about the love and feel the rhythm of song  
It's good to be bad, it's fun to be dumb  
And if you think otherwise please move along

We're living in a mad world  
And I know that times are tough  
But stop looking at the ground girl  
And start looking up above

Cause I know that it's a sad world  
And you feel like giving up  
But stop looking at the ground boy  
Start looking up above

And she's doing her thing

That's why I ask you to move your feet  
Please honey could you make some room for me  
I'm not asking for no room to breath  
I'm just asking for what's soon to be

So what's the reason for you holding back  
Searching for the answers wheres the fun in that?  
So lost in the moment had a heart attack  
Believe me when I tell you it's a matter of fact...

We're living in a mad world  
And I know that times are tough  
But stopping looking at the ground girl  
Stop looking

We're living in a mad world  
And I know that times are tough  
But stop looking at the ground girl  
Start looking up above
