

The Back Room

Rence

And you could say it was tragic
But I prefer to think it's romantic
A girl that still believes in the magic

She said she was a believer
And now she's burning up with a fever
But honestly I'd rather just leave her

And all I want is a
Chance to be myself
Maybe put my lovers on the shelf
So fuck with someone else

And I don't want to
Live life on my own
So I'm stuck scrolling through my phone
And even though I'm all alone

I left you in the back room
Calling out my name
And maybe it was smack though
It's all just a game
(Oh well)

And I don't want to fuck around
With all the nasty boys and girls in town
No baby I just want my love
Yeah I just need my touch
And I don't want to fuck around
With all the nasty boys and girls in town
No baby I just want my love
Yeah I just need my touch

You're tentitively waiting for my tentacles to wrap around
The microphone and drop a beat to fill the hole inside your chest
That opens up without the best
But I just need to rest and take a deeper breath
Man I just need a fucking sec

Cus I've been waiting for a lover girl to come a long
And fill the gaps in all my songs
And let me know that I'm the one and then they say that boys don't cry
But everything's a fucking lie
Its like the line from number 5
But I can never seem to find a
Monica in my life
Can't find an Erica by my side

I'm just busy waiting for a shooting star
Sitting in a roofless car
Restlessly discussing the effects of
Having broken hearts

Uh yeah
And that's the way it goes
Try to fill the gap by messing round with nasty
And that's just how I do It

Ain't even gotta say the word
Cus they know who's included

Man this is stupid
I act like I'm above it but I'm still waiting for my cupid
I know that happiness can only come from within you but
It's nice to hold a hand when your alone inside an uber

And I don't want to fuck around
With all the nasty boys and girls in town
No baby I just want my love
Yeah I just need my touch
And I don't want to fuck around
With all the nasty boys and girls in town
No baby I just want my love
Yeah I just need my touch

I don't wanna be the one to give you bad news
Least you know that I telling the truth
But it's been something like 2 months
Swear my patience used up
I do not have too much
Left in me, but I tell myself it's part of the deal
Especially, when my attitude is keeping it real
C'est la vie, I just need my love
Honestly, I just need my touch
Cause
I I I
Don't wanna
Fuck around
With all these nasty boys and girls in town
