

YEAR OF VICTORY

Rend Collective Experiment

We have a story of grace
We have an anthem of hope
We have a reason to praise
We are redeemed and restored

You are the great liberator
You ransomed us from our shame
Now by the blood of the Savior
Everything broken will change

Oh, this will be my year of victory
My chains are gone, now I am free indeed
Every debt is paid by amazing grace
All that's left is to celebrate
Your love has won
I'm free indeed, my jubilee has come

No longer slaves of the past
This is the year of the Lord
Here at the foot of the cross
We are outsiders no more

You made a way through the darkness
Into Your marvellous light
You broke the bondage that held us
Now we are fully alive

Oh, this will be my year of victory
My chains are gone, now I am free indeed
Every debt is paid by amazing grace
All that's left is to celebrate
Your love has won
I'm free indeed, my jubilee has come

You shook the walls of my prison
You brought me back from the grave
You turned my mourning to dancing
Into the night I proclaim

That this will be my year of victory
My chains are gone, now I am free indeed
Oh, this will be my year of victory
My chains are gone, now I am free indeed
Every debt is paid by amazing grace
All that's left is to celebrate
Your love has won
I'm free indeed, my jubilee has come

My jubilee has come
My jubilee has come
