

# As For Me

Rend Collective

In these uncertain times  
Nothing can break us apart  
We'll never surrender  
We'll never give in to the dark  
When we just can't go on  
We'll stand together as one  
Whatever we're facing we'll come out the other side strong

If we're divided we'll fall  
But united we're invincible

As for me and my house  
We will serve the Lord forever  
As for me and my blood  
We will hold the line together  
Though they fall on every side  
We will never compromise  
As for me and my house  
We'll serve the Lord

In the fight of our lives  
Let courage and confidence rise  
Come hell or high water we'll soldier on toward the light  
With unshakable hope  
We know that we're not alone  
And shoulder to shoulder we'll venture into the unknown

No matter what this world may say  
Out into the night I'll proclaim

As for me and my house  
We will serve the Lord forever  
As for me and my blood  
We will hold the line together  
Though they fall on every side  
We will never compromise  
As for me and my house  
We'll serve the Lord

When the foundations firm the storms don't matter  
When the foundations firm the storms don't matter  
When the foundations firm the storms don't matter  
When the foundations firm the storms don't matter

As for me and my house  
We will serve the Lord forever  
As for me and my blood  
We will hold the line together  
Though they fall on every side  
We will never compromise  
As for me and my house  
We'll serve the Lord  
We'll serve the Lord
