

# Every Giant Will Fall

Rend Collective

I can see the Promised Land  
Though there's pain within the plan  
There is victory in the end  
Your love is my battle cry

When my fear's like Jericho  
Build their walls around my soul  
When my heart is overthrown  
Your love is my battle cry  
The anthem for all my life

Every giant will fall, the mountains will move  
Every chain of the past, You've broken in two  
Over fear, over lies, we're singing the truth  
That nothing is impossible with You (woah)  
With You (woah)

There is hope within the fight  
In the wars that rage inside  
Though the shadows steal the light  
Your love is my battle cry  
The anthem for all my life

Every giant will fall, the mountains will move  
Every chain of the past, You've broken in two  
Over fear, over lies, we're singing the truth  
That nothing is impossible  
Every giant will fall, the mountains will move  
Every chain of the past, You've broken in two  
Over fear, over lies, we're singing the truth  
That nothing is impossible with You (woah)  
With You (woah)

No greater name, no higher name  
No stronger name than Jesus  
You overcame, broke every chain  
Forever reign, King Jesus

No greater name, no higher name  
No stronger name than Jesus  
You overcame, broke every chain  
Forever reign, King Jesus

Every giant will fall, the mountains will move  
Every chain of the past, You've broken in two  
Over fear, over lies, we're singing the truth  
That nothing is impossible  
Every giant will fall, the mountains will move  
Every chain of the past, You've broken in two  
Over fear, over lies, we're singing the truth  
That nothing is impossible with You (woah)  
With You (woah)

Oh nothing is impossible
