

# Jericho Song

Rend Collective

We're drowning out the lies of the enemy  
We're turning up the anthem that set us free  
Your mighty name will ever be  
The soundtrack of our victory

We're lifting up Your praise like a battle cry  
The thunder of Your name breaks apart the night  
Your matchless grace will ever be  
The soundtrack of our victory

Our God, You will tear down the walls  
Our God, You are invincible  
The strongholds crumble like castles of sand  
As we shout loud our Jericho song

Yes, all around the world we're the church alive  
We're fighting on our knees with revival fire  
Our King shall reign and ever be  
The soundtrack of our victory

Our God, You will tear down the walls  
Our God, You are invincible  
The strongholds crumble like castles of sand  
As we shout loud our Jericho song

Our God, You will tear down the walls  
Our God, You are invincible  
The strongholds crumble like castles of sand  
As we shout loud our Jericho song

Every wall is crumblin' is tumblin' down  
Every wall is crumblin' is tumblin' down  
Every wall is crumblin' is tumblin' down  
At Your name, Jesus

Every wall is crumblin' is tumblin' down  
Every wall is crumblin' is tumblin' down  
Every wall is crumblin' is tumblin' down  
At Your name, Jesus

Our God, You will tear down the walls  
Our God, You are invincible  
The strongholds crumble like castles of sand  
As we shout loud, as we shout loud  
As we shout loud our Jericho song
