

Movements

Rend Collective

I wanna soar with You
Upon wings like eagles
But I'll crawl with You too
When the dark and lonely questions come

I wanna stand true
No matter what's new or comes through
I can't stand still
Whatever hits I'll keep making movements to You

I'm running fast and free to You
'Cos You are the movement and fight in me
I'm running fast and free to You
'Cos You are my home where I wanna be
Come move in me
Where I wanna be, come move in me

I wanna float with you
The currents driving me
But I'll paddle hard too
When the waves and rapids overcome

I wanna stand firm
When my mind's weak and my emotions squirm
I must stand true
Whatever hits I'll keep making movements to You

I won't walk away, won't walk away
