

## OUR PRAYER

Rend Collective

Let blessings flow again  
Where fear too long has reigned  
Lord, let the church bells ring  
From here to the nations  
On earth, as in heaven

Lord, our prayer will ever be Your Kingdom come  
Restore the mighty name of Christ the Son  
Let Prodigals return to raise Your song  
Our God, our God has no rival  
Our prayer, our prayer is revival

Lord, hear the cry of saints  
Of those who yearn and wait  
Come meet us in this place  
We pray for the nations  
We cry to the heavens

Lord, our prayer will ever be Your Kingdom come  
Restore the mighty name of Christ the Son  
Let Prodigals return to raise Your song  
Our God, our God has no rival  
Our prayer, our prayer is revival

Our prayer is the weapon here in the fight  
Our prayer is the weapon that scatters the night  
Your victory's coming, it can't be denied  
You are reigning, sovereign
