

# WHOLEHEARTED

Rend Collective

Help me dance like a little child  
Help me go just a little wild  
I've become far too civilized  
Give me eyes wide with wonder and a heart of praise

Give me passion down in my soul  
Give me fire from the Holy Ghost  
Now it's time to start letting go  
Give me eyes wide with wonder and a heart of praise

I wanna be wholehearted  
I wanna be wholehearted  
I wanna be wholehearted  
I wanna be Yours

Set me free from the cynical  
Set me free, break down every wall  
How my heart needs a miracle  
Give me eyes wide with wonder and a heart of praise

In the shadows, I'll find You there  
I won't give into the despair  
Let this be my defining prayer  
Give me eyes wide with wonder and a heart of praise  
A heart of praise

I wanna be wholehearted  
I wanna be wholehearted  
I wanna be wholehearted  
I wanna be Yours  
I wanna be wholehearted  
I wanna be wholehearted  
I wanna be wholehearted  
I wanna be Yours, I wanna be Yours  
I wanna be wholehearted  
I wanna be wholehearted  
I wanna be wholehearted  
I wanna be Yours, I wanna be Yours  
I wanna be wholehearted  
I wanna be wholehearted  
I wanna be wholehearted  
I wanna be Yours  
I wanna be Yours
