

# Love Coaster

Rendy Pandugo

You say, "Hello"  
My heart stops beating  
You say, "Goodbye"  
But still want you around

Don't say a word  
Don't need a question  
I'll take you away  
With a rocket coaster

Every time I see you  
Every time I know where my heart belongs

Just hold me tight  
Yeah, you'll be alright

Baby, can you feel it?  
All I need is your love  
I'll give you love and affection  
Love is never easy  
I will fight for love, loving you is so fine

I wanna see you smile under the sunlight  
Sneak into your dreams at midnight  
Yeah, it's alright

Don't say a word  
Don't need a question  
I'll take you away  
With a rocket coaster

Every time I see you  
Every time I know where my heart belongs

Just hold me tight  
Yeah, you'll be alright

Baby, can you feel it?  
All I need is your love  
I'll give you love and affection  
Love is never easy  
I will fight for love, loving you is so fine

I wanna see you smile under the sunlight  
Sneak into your dreams at midnight  
Yeah, it's alright

I wanna see you smile under the sunlight  
Sneak into your dreams at midnight  
I wanna see you smile under the sunlight  
Sunlight

Baby, can you feel it?  
All I need is your love  
I'll give you love and affection  
Love is never easy  
I will fight for love, loving you is so fine

I wanna see you smile under the sunlight  
Sneak into your dreams at midnight  
Yeah, it's alright
