

I Think I Like You Better When You're Gone

Reneé Rapp

I know that I'm supposed to miss you and wish that you were here
But the more I drink, the more I think you might just disappear
I've got a funny feeling, funny feeling something's wrong
I think I like you better, I think I like you better when you're
e

Out of sight, out of mind
Even with the shit that you don't like
Had a little fun, got a little drunk
And I didn't kill nobody, right?
One week until you get back (Get back)
Admit that it makes me sad
I count down the days
In different ways

I know that I'm supposed to miss you and wish that you were here
But the more I drink, the more I think you might just disappear
I've got a funny feeling, funny feeling something's wrong
I think I like you better, I think I like you better when you're
e gone

I think I like you better, I think I like you better when you're
e
Across the fucking country
Three thousand miles away
Three time zones from my face
And we're packing two different bags
Admit that it makes me sad
Counting all the days
In all different ways

I know that I'm supposed to miss you and wish that you were here
(I wish that you were)
But the more I drink, the more I think you might just disappear
(May just disappear)
I've got a funny feeling, funny feeling something's wrong
I think I like you better, I think I like you better when you're
e gone

I think I like you better, I think I like you better when you're
e gone
I think I like you better, I think I like you better when you're
e gone
