

Amelia, it's been not long since you've been gone
And I can't help but wonder what went wrong
Did you skip your medication 'cause you thought it was too strong?
Oh Amelia, you always wished you had a song

I haven't been good
You know I haven't been feeling too good lately
No one understood
I felt like I was driving everyone crazy
'Cause my brain didn't work like it should've
And I didn't wanna check into rehab
It's all good
It's all good

Amelia, you never felt like you belonged
The note you left didn't sound like you at all
Did you lose imagination, were you scared of growing up?
Oh Amelia, I always wished you had a better song

I haven't been good
You know I haven't been feeling too good lately
No one understood
I felt like I was driving everyone crazy
'Cause the days are just fading away
And the world has no color but grey
It's all good
It's all good

Amelia
Amelia

I haven't been good
You know I haven't been feeling too good lately
No one understood
I felt like I was driving everyone crazy
'Cause the days are just fading away
And the world has no color but grey
It's all good
It's all good
