

nostalgic (luvsick)

renforshort

I can see you and me Friday night on my bike, you know the one with the basket
Had a JanSport bag with some Jack that we stole from your dad's liquor cabinet
You gave me one of your ear buds, put Elliot Smith on, and we split a Belmont
I was a wreck then, but you were the best thing that I had going on

I still get nostalgic when
I drive by your apartment
Bump into our high school friends
Think about what could have been
I still get that feeling when
I read our old messages
Relive all the shit we did
Think about the days
When we were

Lovesick
Just a couple dumb kids
Lovesick
Never breaking up kids
Cross my heart and hope to die
Never getting better I'm
Lovesick

Always thought that we weren't like the rest but I guess the world knew we were bluffing
Looking back we were all that we had, how did that just go and turn into nothing
Now every time that I drink Jack, I get those flash backs, and go down a rabbit hole
Can't listen to xo without you here though 'cause that shit's miserable

I still get nostalgic when
I drive by your apartment
Bump into our high school friends
Think about what could have been
I still get that feeling when
I read our old messages
Relive all the shit we did
Think about the days
When we were

Lovesick
Just a couple dumb kids
Lovesick
Never breaking up kids
Cross my heart and hope to die
Never getting better I'm
Lovesick

Remember when we said we'd meet up again later in life
With a dog by the beach, little cabin with some trees, oh what a lie

So lovesick
Just a couple dumb kids

Lovesick
Never breaking up
Cross my heart and hope to die
Never getting better I'm
Lovesick
