I might give the pussy to him
I might give the pussy to him

Imma give him all my pussy, Imma fuck him all night
How these niggas got me bent over, I told him we gonna fight
Now it's all up in my rib cause I told him it's on sight
We be arguing and fighting now look at us we fucking
He tryna put me up just to have some hoe pussy
He get a attitude when he see these niggas looking
But I'm the hottest thing popping coming out my city
I like my bankroll ocean blue with pink 50

Let me get what's in yo pocket all up in yo wallet
I be terrorizing these bitches they said Buda stop it
And I ain't turning down for nothing, I be lit for free
I got a young nigga so pussy whipped he shoot for me
This old nigga give me money like I hit the lotto
I got a fat ass coochie, can't even fit Girbauds
And I just want you on yo knees I put it on yo nose
I put it on yo head can't fuck with you, you don't eat pussy
I want a nigga clean my plate like he doing dishes
Never let a broke nigga bone keep that nigga wishing
Never let a bitch in the business cause these hoes switching
Shit I'm the reason these niggas dying and catching elbows

Imma give him all my pussy, Imma fuck him all night
How these niggas got me bent over, I told him we gonna fight
Now it's all up in my rib cause I told him it's on sight
We be arguing and fighting now look at us we fucking
He tryna put me up just to have some hoe pussy
He get a attitude when he see these niggas looking
But I'm the hottest thing popping coming out my city
I like my bankroll ocean blue with pink 50

Cornbread fed pussy fat fire head
Slut the nigga out he pay me not to leave the bed
I know he don't love me but the pussy made him say it
Want to put me up well that's gonna take a lot of bread
A lot head you heard what I said, nigga I ain't playing
Imma give him all my pussy make him feel like he the man
Imma let him fuck me raw, if he smart he'll leave it in
Imma put it all in my mouth and show him how I eat a man
He know that check get my pussy wet, he keep a bitch set
All my niggas tricking baby this some rich competition
Say he want a spouse pussy so good want it in the house
All my shit wet, neck, wrist, pussy, and my mouth

Imma give him all my pussy, Imma fuck him all night
How these niggas got me bent over, I told him we gonna fight
Now it's all up in my rib cause I told him it's on sight
We be arguing and fighting now look at us we fucking
He tryna put me up just to have some hoe pussy
