Renni Rucci

Damn Flaw, this what I've been praying for

Bitches be talking so tough on the Mac  
'Til I pull up and start busting the MAC  
Never forget I was raised in the traps  
She lyin' like Cookie, I know that she cap  
Renni on tip, I ain't talking 'bout Clifford  
You can get shot like the Washington Wizards  
Sorry ass bitches can cry me a river  
Realest bitch 'round when I look in the mirror  
Hop out in something exotic  
Dropping deposits  
Ran out of space in my closet  
I got the drip like a faucet  
All of my ice is retarded  
Now I feel arctic  
Now I feel sexy  
You don't impress me  
My pussy wet as a jet-ski  
Make him come quicker than Nestlé  
I'm everywhere that the check be  
None of these bitches gon' check me  
I just dropped twenty-five bands on that brand new Birkin  
Bitches out here broke, call the doctor 'cause they pockets hurtin'  
Ain't no cap, ass been fat, look the same in person  
If you tryna ride my wave, bitches better practice surfing

I hit the booth and do surgery  
Most of these bitches be irking me  
So I cut 'em off just like surgery  
I be cutting these records like surgery  
I took your man, make him work for me  
Now that bitch calling emergency  
Surgery

So you woke up today in a bad mood?  
Well, Renni gon' chop off that attitude
